16. Abstracts

This is the first directory of environmental organizations to be published by the Midwest Region (V) of the U.S. Environmental Protection Agency. It is far from comprehensive, but it is a first attempt at such an effort. In the months ahead it is planned to collect additional information concerning the groups listed here in order to present a small profile of each group.

CITIZENS DIRECTORY

This is the first directory of environmental organizations to be published by the Midwest Region (V) of the U.S. Environmental Protection Agency. It is far from comprehensive, but it is a first attempt at such an effort. In the months ahead we hope to be able to collect some additional information concerning the groups listed here in order to present a small profile of each group. There is no doubt that some of the information on groups listed here is already on the verge of being out of date. That's part of the nature of our society. There is a card located at the end of this directory which should help you keep us informed on new groups or changes that should be made. Please use it when necessary. This publication was put together by Nancy Stockholm, edited by Ann Hooe and typed by Anne Zick. We hope you will find it useful.
